

## Letter of Intent Form – Existing or Out-of-Service Well

This form must be completed for each existing well on a parcel at the time a new domestic, irrigation, public water system, recharge/ injection, or out-of-service well permit application is submitted.

### Well Location Information

Well Street Address (provide the latitude and longitude of Existing Well if the well is not associated with a mailing address):

---

---

APN: \_\_\_\_\_

### Well Description

Use of Existing Well: \_\_\_\_\_

Well Casing Material: \_\_\_\_\_

Well Casing Diameter: \_\_\_\_\_ (in.)

Estimated Total Depth of Well: \_\_\_\_\_ (ft. bgs)

Well Permit Number: \_\_\_\_\_

### Statement of Intent

In accordance with Merced County Code, Chapter 9.28, it is my intent to take the action indicated by the box checked below, regarding the existing well described above:

- Destroy the existing well, under permit, when the new well is drilled or when it is put into service.
- Continue use of the existing well.
- Maintain the well out of service for up to one year. By that time the well will be destroyed under permit or restored to service under permit. The well will be maintained and restored or destroyed in accordance with Chapter 9.28.
